GameCinema

High Definition Game Recorder

Part No.: **TP005**

The gaming experience is all about sharing. The Typhoon GameCinema is a standalone HD video capture box which allows you to record PS3 or Xbox 360 HD gameplays to an external hard drive without a PC! With simple Installation you can record your show and tell of your game play with friends, fans and generations!

Typhoon GameCinema used advanced hardware H.264 encoding to capture your gameplay in stunning 1080p Full HD with minimum file size. At the same time, your game play is passed through to your TV via HDMI, so you can enjoy your game on the big screen – in pristine quality, without delay.

Moreover, backup your precious VHS, Video 8, S-VHS, Hi8, Betamax and all other tapes and cassettes from the old days with Typhoon GameCinema. The comprehensive format support any analog output source to digital format, easier to store and view!

Features:

- » Record your PlayStation or Xbox gameplay in HD
- » Full HD 1080p capture
- » Play and Record in Real-time
- » Support hardware record button
- » Resolution select button allow you to choice record file resolution
- » MIC input allow you record voice broadcast or Audio in
- » Standalone mode: Record directly save the file to a USB storage device, do not need to connect a PC
- » Support record file format FAT32/NTSC
- » Support analog input to transfer analog source to digital format.
